

Experience

Applied AI

Amazon

June 2024 - Present | Sunnyvale, CA

- Led Ask Rino from 0-1, agentic AI finance platform that operates on sensitive data at Amazon. **400+** Amazon leaders, **41,000+** conversations annually, **VP-level Kingpin** goal cited by **Amazon CFO Brian Olsavsky**.
- Extended the MCP protocol to a **third transport** that used **FastMCP as proxy** and **browser native messaging** to communicate with local MCP servers through the Ask Rino browser extension (**OpenClaw** equivalent).
- Designed and engineered the **first** remote MCP server infrastructure within Amazon Devices & Services. Onboarded over **18** financial tools called more than **5,500 times** annually.

Open Source Engineer

Google Summer of Code

May 2021 – August 2022 | GitHub

- Built Poll Plus (Typescript), Credit Suisse-funded, piloted to **10,000** employees across Asia. Deployed on **2,700+** servers, **#1** app in Rocket.Chat Marketplace. Architectural patterns embedded in **79%** of marketplace apps. First app to reach official documentation status (**12M-user** base).
- Ranked **#1 of 219** Rocket.Chat contributors (top **0.45%**). Elevated to **GSoC Mentor 2022**, reviewed **83** proposals, mentored EmbeddedChat (top 10 most popular) and GitHub App.
- Founded RC4Community, React component platform for online communities.

Software Engineer

Gojek

July 2021 - August 2022 | BLR, IN

- Built Skynet, shared VPC infrastructure-as-code platform onboarding **1,300+** internal applications (Blog).
- Extended Cerebro IPAM, managing **5,000+** IP ranges, DCIM source of truth for **200+** routers.

Honors and Activities

- Self-filed and approved **EB-1A** (Einstein green card) in Software Engineering and Applied AI (**2025**), no lawyer took the case.
- Alexa Prize** (\$250,000, 2023), Engineering Lead at UMass Amherst CIIR. **Top 10** of **100+** teams across **22** countries. Ranked **#1** in semi-finals. **66,000+** rated conversations. Backed by NSF Grant **\$570,863** + ONR contract.
- GSoC** participant 2021, sub-**2.5%** acceptance from **50,000+** applicants. Speaking: invited by **Google** (GSoC Contributor Summit 2022, 2023), **NIT Surat** (2025), Rocket.Chat Alumni Summit (**2022–2025**).
- Community Contributor of the Month**, Rocket.Chat (Apr 2022), presented Poll Plus alongside CEO to **12M-user** community.
- Best Innovation Award**, ICICC / UILA 2020, **803** submissions across **29** countries.
- Peer-reviewed publications: *FastV2C-HandNet* (Springer, **1,400+** accesses), *COVID-19 Trajectory in India* (IEEE I2CT, **1,078** submissions, **41** countries), *Multi-Modal Augmentation for LLMs* (Amazon Science).
- Founded **InfinITY**, annual competitive programming contest at IIIT Pune. **50,000+** submissions, **21,000+** participants.

Projects

- ALPR For Vehicles** (GitHub), license plate framework trained on **2,500+** images. **#1 globally** for Indian LPR on GitHub (**47** stars vs 16 next). Top **0.7%** of **1,000+** generic LPR repos. **BCG outreach** to extend model for proprietary datasets.
Skills: Python, Tensorflow, YOLOv3, GCP, ML.
- Someity** (Webstore | GitHub | ProductHunt), Chrome ally extension. **3rd Overall** at MLH Hack-cessible, top **1.2%** of **238** global participants. **Winner Pitch Perfect**. **140+** users across **28** countries.
Skills: Javascript, Chromium, ASR, ally.
- IIIT Pune App** (Google PlayStore), Firebase-backed Android app. **1,000+** downloads, **200+ 5-star reviews**, **5.0** current rating.
Skills: Java, Android, Distributed Systems, Pub/Sub.

Education

University of Massachusetts Amherst

MS Computer Science | May 2024 | GPA: 3.87/4.00

Research: Alexa Prize - **CIIR** (US **#2** in Information Retrieval), CarbonCast - **LASS** (US **#3** in HPC), OpenReview at IESL.
Coursework: Distributed Operating Systems, Information Retrieval, Advanced NLP

Indian Institute of Information Technology (IIIT) Pune

BS Computer Science | June 2021 | GPA: 9.33/10.00

(Department Rank 1, Institute Merit Award)

Coursework: Data Structures and Algorithms, Cloud Computing, Machine Learning, OOP
